Furnish Efficiently

Office Furniture Catalogue

## About Us

***Furnish Efficiently***, this simple idea has been a foundation on which we have built our company and products over the last 50 years. Established in 1963, we originally specialized in the manufacturing of storewel cupboards. Over the years, major investments have been made in terms of resources and energy to enhance the company's product range. Today, our product range includes various models in Office Cupboards, Domestic Cupboards, Executive Tables, Computer Workstations, Filing Cabinets, Side Cabinets, Pedestals, Library Furniture, Industrial Lockers, Tool Cabinets, Assembly Workbenches, Mobile Tool Trolleys, Heavy Duty Transport Trolleys, CNC Trolleys & Cupboards, Bin Storage Systems with Louver Panel ( Trolleys, Stands & Racks), Perfo Tool Boards & Hooks and Perfo Cupboards.

In the 1990s, to keep pace with the ever changing and demanding scenario of business, we collaborated with a reputed German ISO 9001 company, ***M/S Wilhelm Bott GmbH & Co. KG***. Our collaboration with the German company transformed the quality, design and range of our products. By way of this collaboration we have become for our customer, an ***Indian company with German quality***. Our customers expect German quality standards and specifications when they purchase our products. Our customers' long-term association with us confirms that we have been exceeding their expectations.

We offer our customers storage solutions for offices, laboratories, hospitals and healthcare establishments, education and training institutes, shipyards and navy, auditoriums, stadiums and industrial establishments.

From design and manufacture to supply and installation, Arvind Furniture has a strong reputation for high quality products with excellent service.

An integral part of our corporate philosophy is meeting our customer's specifications and project requirements with meticulous attention to detail.
